

NATIONAL eSOARING OPEN

On the 23rd July the 3rd of the 4 scheduled National ESoaring Opens took place,

We had a good entry of 12 pilots and with the weather forecast threatening rain later in the day we got underway at a respectable 10:15 to get in as much flying as possible.

In the event the threatened rain arrived but by that time we had completed 3 rounds making the day worthwhile with a “counting” result.

As can be seen Dave East had a faultless day very closely followed by his flying buddy Mike Raybone and in third was Terry Stuckey. Top ASF member was Bert with a creditable 2911.

The most remarkable flight of the day however had to be Glyn, in the second round he was dead in the water at around 50ft and starting to prepare for a landing when he picked up what initially was the weakest of thermals. Laboriously he worked at it as it slowly strengthened to take him to a slot winning position, brilliant!

The next round is on the 24th September.
